A RAINBOW OF LANGUAGES

Discover the Magic of Words Around the World. Step into an interactive journey through the world's languages.

- A whirlwind tour of world languages - from ancient scripts to modern slang
- Fun facts about the evolution of English and why it's so unique
- Question time, discussion and discovery

Languages is more than just words - it's culture, identity, and connection. This 30-40 minute talk helps pupils appreciate linguistic diversity, understand how English fits into the global language landscape and develop curiosity and respect for other cultures. It can be tailored to different year groups from Year 3 upwards and take place in your school.
