Our boarding options explained

For the senior schools, we offer three options, so families can choose what works best for their child.

- **Day:** Day pupils have a study space in House and take a full part in school life, but do not have a bed and do not board, except in a genuine emergency approved by the school.
- **Day Boarding:** for day pupils who would like to be part of boarding life. Day boarders have their own bed in House, so they can stay over whenever they want or need to, after a late fixture or rehearsal or for a social. An overnight charge (currently £75 including VAT) applies for each night. If your child is likely to stay four or more nights a week, Full Boarding would be a cheaper option.
- **Full Boarding:** the complete boarding experience, living in House seven nights a week throughout term.
